

New Secretary Named For Antioch C of C

A new secretary has been named to the Antioch Chamber of Commerce to replace Mrs. Marion Pechousek, who notified the board of directors that she was unable to fill the job after the recent elections, said President Ralph Gresens.

Named to replace her for the year is Bob Calloway, owner of Jack's Town and Country Shop. Calloway was named a director in the January elections.

THE ELECTION of Calloway took place at the Board of Directors meeting last week as the top officers of the organization met to outline plans for 1959. First event will be the annual dinner-dance on March 7 to install the new officers.

The event will be at Smart's Country House and is open to the entire membership of the chamber, their guests and local merchants and professional men who are not members. Those attending should contact Gresens, or Secretary Calloway. They will be co-chairmen for the event.

AN ENTIRELY NEW and different type of sale is being planned by the merchants' group, Gresens said. Details must be worked out but the time selected is for early spring.

Standing committees of the Chamber have been selected and cooperation has been pledged by all, Gresens said.

They will help the directors tackle the job of overhauling the by-laws of the organization being brought about by the growth of the town since the Chamber was organized.

JIM CORRIGAN and Wendell Studebaker give John Romer a little behind the ears makeup in preparation for the minstrel show Friday and Saturday night here. The "clowns" are end men in several sketches in the show, Romer is skipper of the "River Queen" showboat.

LV Little League Organizes, Sets Registration Day

After an unforeseen delay, plans are going ahead to make full use of the property near the sewage plant in Lake Villa for the first permanent diamond for Lake Villa Township Little Leaguers.

The site was offered to the junior baseballers last month and now the adult committee is working out final access plans with subdivision residents near the area, says Bob Clark, Venetian Village, site and schedule committeeman.

REGISTRATION day for youngsters will be April 18-19 and play will begin soon after formation of teams, Clark said. But next meeting for the group will be the rules and regulations committee which will meet March 10 at the Town Hall in Lake Villa. All men in the township are invited to attend.

Officers for the adult organization have been selected with Theodore Flanagan, president; Tony Romano, secretary, and Robert Sweeney, treasurer. Members of the advisory board are Ferris Sharlton and Romano.

ENTHUSIASM IS high in the township for the leagues, Clark said. (Continued on page eight)

Weekend Minstrel Show Talent Ends 'Rehearsals'

By Howard Shepard

Hold it: Hold it: HOLD IT.

This was the phrase that was most frequently heard by Ken Smouse Monday night as he directed his charges through their first rehearsal for the annual Minstrel Show here. Adding to the normal confusion of a first rehearsal were funny men Jim Corrigan and Wendell Studebaker as they gave a preview of what to expect Friday and Saturday night with ad libs, clowning, and falling all over the stage. To add insult to injury the boys' chorus, unprompted, inserted the words cha cha cha, in their specialty number "Can't You Hear Me Callin' Caroline."

APPEARING between the antics of the end men, Smouse has a fine array of talent lined up. The crowd will be soothed by the soprano voice of Penny Anderson as she sings "Summertime." Other vocals on the program will include the tenor voice of player-director Smouse in "Can't Help Lovin' That

Gal of Min" and the lilting bass of "Cookie" Olson doing "Old Man River." Lila Palinski and her guitar will give a rendition of "Doin' What Comes Naturally" with responses from the chorus.

Two more names have been added to the jazz combo of Joe Rush and his Ramblin' Rhythmaires. Besides Dr. J. W. Kopriva and Bill Brook, Harold Young will appear on drums with Mike Murrie on bass.

ANOTHER instrumental that proves to be well worth the listening time will be Margaret Aschenbrenner and Laura Young in a piano duo featuring Victor Herbert favorites. Dr. Al Bucar, accordionist extraordinaire, will give out with a high stepping polka for a dance routine.

The Ber-Jan dancers, brought especially for this show from Round Lake, will offer a dance number. Florence Yancey will be heard singing "I'll See You Again," accompanied by a background dance routine.

Names for April Ballots For Townships, Towns, Schools Are Coming In

Only Contests in Antioch Township, Lake Villa Villages, Some Schools

Time is creeping up on local level politicians who seek offices in the township, municipal and school boards. Lines of opposition have been drawn in the townships, the school filings opened Wednesday and municipal election filings close next Monday.

Here is a rundown of offices up for vote and aspirants:

ANTIOCH TOWNSHIP:

Two have filed for the top job of supervisor. Incumbent Lloyd E. Murrie, 48, and insurance man George J. Mazzuca, 41, will be the only ones on the April 7 ballot.

Murrie is ending his first term in office, a post he won in the last election over four candidates. A service station operator, Murrie lives at Lake Marie and is a lifelong resi-

dent of Antioch. He has two children.

Mazzuca is an agent for State Farm Insurance Co. and lives at Grass Lake. He has been a resident here for 11 years, coming from Chicago. He also has two children.

MURRIE HAS never held a public office before his election as supervisor but Mazzuca has served as a member of the Grass Lake School Board. He also serves as president of the Golf View Subdivision Assn., and vice president of the Antioch Township High School Music Assn.

Only other job being contested in the township is for justice of the peace. Filing were Harold Wilson, Ted Kaptain and John Delaney.

All other offices are uncontested, incumbent James Runyard for road supervisor and two members of the library board, Helen Scott and Robert Kresse.

LAKE VILLA TOWNSHIP:

No contests. Road Supervisor Fred Popp is unopposed as are the two library trustees.

In the villages, filing does not end until Monday and the election will be April 21. Three present officeholders have filed in Antioch. They are Edmund Vos, Herman Holbek, and Frank Applebey.

In Lake Villa a real contest appears to be shaping up with four new faces announced as running for the three posts available. Frank Slazes, Sr., Anthony Sciacero, and Kaurin Karolius, incumbents also will be seeking to repeat, making seven on the ballot.

IN LINDENHURST two party caucuses have named contestants for what appears to be one of the most hotly contested elections.

The Citizens Party which holds all the offices at present will offer incumbents Lowell Graves and John Slove and a newcomer, Lyle Mercer, for trustee posts. Mrs. Rae Gibbons is the party's choice for clerk.

The Conservative-Progressive party also held a caucus last week to pick Alex H. Bartling, Georgia Matthies and Charles J. Pawlowski as trustee candidates. Mrs. Margaret Eisner is that party's selection as clerk.

The latter party has issued an 11-point platform but the Citizens' party has yet to come out with a complete platform.

School elections are announced in the adjoining column.

C of C Installs Officers At Mar. 7 Dinner

A 100 per cent attendance is hoped for at the annual dinner-dance of the Antioch Chamber of Commerce set for March 7 at Smart's Country House at 7:30 p.m., says Ralph Gresens, Chamber president.

Gresens and newly-named Secretary Robert Calloway are taking reservations for the dinner at which time all the new officers will be installed. A thank-you also is being planned for the outgoing officers and directors.

DANCING WILL BE to the music of Art Smejkal's orchestra and all members, wives and guests are urged to attend. Merchants and professional men who are not members of the group are also invited to attend, Gresens said.

Officers going out who will be feted are Bernard Osmond, president; Ray Jensen, vice president; Ray Toft and Howard Gaston, directors. The new officers are Ralph Gresens, president; Russell Barnstable, vice president; Robert Calloway, secretary, and Jack Fields, treasurer. Directors C. R. Kuelman, Marion Pechousek, Richard Erickson and Hilliard Tobieski also will be installed. Keulman and Tobieski are new directors.

ATHS Teachers Get \$400 Raise in '60

Teachers in the Antioch Township High School next year will receive a straight \$400 per year pay raise on a pay scale plan approved by the School Board last week.

Beginning teachers with a bachelor's degree will receive a minimum of \$4,400 instead of a straight \$4,000 as they received this year. For master's degree, a beginning teacher will get \$4,600.

L.V. Post Office One Of 55 Opened in 1958

The 1,600 square foot post office at Lake Villa was one of 55 which the Post Office Dept. opened in the Chicago region last year. As with most postal facilities, the buildings are erected by local contractors and builders and leased to the government.

Most Area School Board Members Seek Reelection

Several present board members on both the Antioch High School, Antioch Grade School and Lake Villa Grade School boards have announced intention to seek reelection to the boards.

Wednesday was first day for filing petitions but first filings could not be listed because of the Antioch News deadline.

HOWEVER, ON the High School board, Arthur Seekatz and Mrs. Ruth Seyfarth have taken out petitions and probably will seek reelection. Dr. Richard Carlucci has announced his intent not to seek the board post he now holds.

His decision to not run was brought about by an increased work schedule in his office but he pledged continued support to the school board in its coming projects. He termed his term of office as "fruitful and satisfying."

At the Antioch Grade School, petitions have been taken out by the three incumbent members whose terms expire in April. They are Norman Jedeke, Mrs. Helen Patrovsky and Mrs. Irene Gable.

AT LAKE VILLA, two of three board members whose terms expire have petitions out. They are Robert Randall and Ernest Neilsen. The position held by Harry Pavel is vacant due to his resignation two months ago when he moved out of the district.

Others who have taken out petitions in the Lake Villa district which embraces the B. J. Hooper School in Lindenhurst are William Thompson, John Emerson, Robert McClelland and John Chmielek.

Final date for filing for school board elections is March 21. Election will be April 21.

Police Chief Scott Recovering From Surgery, On Duty Soon

Antioch's Police Walter Scott is reported recovering "excellently" from surgery performed last week in Waukegan. It is expected he will be back on duty within a few weeks.

During his absence, patrolmen Emil Ehnert and Charles Maples have been supplemented on duty by members of the reserve police.

Village Trustee John Blackman, who is head of streets and lighting, replaced Scott as building commissioner.

The annual Corned Beef and Cabbage Dinner of the hospital committee of the Women of the Moose has been scheduled for March 15 at the Antioch Moose Home, announced Mrs. Robert Brice, chairman.

7 Salem Township Supervisor Candidates Asked Five Questions By Subdivision Assn.

The seven candidates for supervisor of Salem Township are contemplating answers to five questions asked by the combined subdivision associations of the township.

Five answers have been received by Richard Nuytens, Camp Lake, secretary of the association. However, he expects to hear from all candidates within a week. None of the queries appear to be "loaded," he said.

THE QUESTIONS are as follows:

1. Where do you stand on the bill to do away with the existing deed restrictions?

2. How do you feel about the building commission approving all plans before issuing a building permit?

3. What do you feel about a building code making provisions for summer cottages?

4. Are you in favor of a central located town hall?

5. Do you know about federal matching funds for a town hall if space is provided for civil defense?

THE SEVEN candidates who will be before the voters in the March 3 primary are Gilbert Haisma, Salem; Neal J. Kiley, Trevor; Donald L. Klapper, Salem; Aubrey (Nick) Nichols, Salem; Lee Wilson, Salem; Gilbert Elselder, Bristol route 1, and John W. Schnurr, Wilmet.

Schnurr is the only incumbent. His term, along with that of Bill Cook, Camp Lake, expires this year but Cook has announced as not being a candidate.

Elselder is president of the combined subdivision associations named the Salem Township Subdivision Assn., which is putting the questions to all the candidates. He told The Antioch News that his candidacy is purely personal and he is not being sponsored by the association.

Voters will name four of the candidates to appear on the April 7 general election ballot. Township Chairman Earl Elfers, Trevor, is unopposed and so his name will not appear on the March ballot but as a formality will appear on the general election ballot.

THE QUESTIONS posed by the subdivisions' association are an outgrowth of several happenings which the members feel have or will adversely affect property owners. Opinions here were given by Elselder.

The first query dealing with deed restrictions is to seek feeling on a bill now before the legislature which seeks to cut from 30 to 20 years restrictions placed on deeds in the state. If the bill passes, it will be possible for a property owner to change the purpose for which his

land was dedicated, business to residential or vice-versa.

The subdivisions seem to be against such a bill.

On the two building questions, the property association apparently feels that a continuation of a five-man board of review of all building permits should be continued. Summer cottages should be of a more substantial type but the association does not wish to take away the right of summer residents to be able to build warm weather houses in the township.

PROPOSAL FOR a town hall in the center of the township is under serious consideration and the association is seeking feeling of the candidates on locating it. The civil defense question appears to call for a yes or no type answer, Nuytens said.

Explanations of the above questions were supplied by Elselder who hastened to note that they were his own opinions mostly and that the subdivision association is trying to keep completely out of politics except in these cases which would directly affect the members. However, the questions asked, though not voted upon in official association action, have been brought up informally and are thought to be of general interest to the association.

UGLY, BLACK SMOKE still smoulders in Fox Lake several hours after a \$100,000 fire destroyed a tavern and threatened an entire downtown section of the village. Firemen from Fox Lake were aided in battling the blaze by equipment from Lake Villa and Round Lake. The fire apparently was caused by defective wiring. Photo by Tom Steiskal

DEAR READER News Editorials

New School Building Seems Only Alternative to Education

For the past four weeks, readers of the Antioch News have been following students' suggestions for alleviating the crowding problem at the High School.

The kids' ideas are good, designed as they are for temporary use. Use auto show rooms, buy quonset huts, go on split shifts, lengthen the school day, the kids say. So good are some of the ideas that the school board very likely will adopt some of them.

But how would you like the students to attempt to learn lessons under such conditions permanently? The only way out, it seems to us, is for a new school building.

We would like nothing better than be able to recommend that an addition be made to the present building, or that no addition is required at all.

But for the greatest amount of savings, over the longest period of time, a new building on a site that comes as the best bargain since Manhattan Island, can be the only alternative.

Citizens' Group May Help Get More Education from School

Will a citizen's group enter the teaching field?

The Antioch High School Board is considering a proposal by Dr. Richard Carlucci, board member, that a citizen's committee be set up to study ways of getting more education out of the schools. He suggested extra subjects, more time in school, and ways of getting more usage out of the physical plants.

"Committees of citizens have entered every phase of our life," Carlucci said, and he suggested that now is the time for voter groups form to perhaps overhaul the education system. He noted that he was interested not in expansion of physical facilities but ways to make education produce better as it stands.

Business and You:

Maybe We Should Be Just Pleased We're No Tycoons

By William D. Sloan

Are you a typical tycoon — or do you have the qualifications to be one?

Here, from a survey of hundreds of company presidents, is a pen portrait of the typical top executive:

He's married and lives in the suburbs or in a small town away from the big city — often in a surprisingly unpretentious home.

But the tax bite in his paycheck is anything but modest; he hands over anywhere from 40 to 75 per cent of his pay to Uncle Sam.

He usually spends a full day at the office — and then totes home a briefcase full of work at night.

He rarely attends big social shindigs and he drinks moderately, if at all.

HE COMES FROM a middle-class home; his father, very likely was a skilled laborer who struggled to provide the son a good education.

Our man owns a relatively small percentage of his company's stock — and typically worked himself to the top through many positions over a period of more than 20 years. (Unless he got there through accounting, sales or law; men in those fields usually clamber up the company ladder faster than their colleagues in other departments.)

The typical president feels, about himself, that he's a man of tact, poise and ability to get along with people. But he is in fact restless and intense, frank and straight-forward — and inclined to be a little aloof.

FREQUENTLY HE complains of the isolation his job imposes upon him and the awe with which some people regard him. He often wishes aloud he had someone to confide in — but he's afraid to make any comment that might set off rumors.

"The biggest trouble with industry," says one top executive, "is that it's full of human beings."

"When you're a company president, you learn to your sorrow that a drill press never sulks and a drop hammer never gets jealous of other drop hammers — but that the same cannot be said of people."

Then there's another description of an executive that has made the rounds of industry. Goes like this:

An executive is a man who has practically nothing to do — except to . . .

1. Decide what is to be done.
2. Tell somebody to do it.
3. Listen to all the reasons why it should not be done, why it should be done by somebody else, or why it should be done in a different way.
4. Follow up to see whether the thing has been done.
5. Discover that it has not been done.
6. Inquire as to why.
7. Listen to excuses from the one who should have done it.
8. Follow up again to see whether the thing now has been done, only to discover that it has been done improperly.
9. Point out how it should have been done.
10. Conclude that, as long as it has been done, it may as well be left as it is.
11. Wonder whether it is not time to be rid of a person who cannot do a thing right; to reflect that he probably has a wife and a large family, and that certainly his successor would be just as bad or worse.
12. Consider how much simpler and better the thing would have been done if one had done it oneself in the first place.
13. Reflect sadly that one could have done it right in 20 minutes and that, as things have turned out, one must spend two days to find out why it has taken three weeks for someone else to do it wrong.

School For Deaf Trips Big Foot In Sub-District Play

The Big Foot cagers of the South-eastern conference were silenced from further competition for the Wisconsin state title Monday night by a fast Wisconsin School for the Deaf squad at Wilmet.

The game was a sub-district elimination contest, the winner of which goes into battle Friday at the same site.

Big Marvin Huebner, center for the School for the Deaf, was the star of the night as he collected 19 points to lead his team to the 65-54 win. He was star of an unusual offense which kept him under the basket while his mates toyed with Big Foot. His job was to take in the rebounds—which he did.

THE OUTSIDE shooting of Jim Reinick who got 21 markers in the game, coupled with Huebner's rebounds and shooting, far overshadowed the stellar offense of Jerry Kolls for Big Foot. Kolls got 17 points to lead his team.

Although the School for the Deaf is a colorful team to watch, Frank Buecl, tourney manager, fears that losing the Walworth team may have some effect on tourney attendance. Walworth is a big drawing card in the Wilmet gym. However, Wilmet will play both nights in the tournament and so attendance may well hold up anyway.

THE PAIRINGS Friday night are: Clinton vs. Williams Bay at 7 p. m. and Wilmet meeting the School for the Deaf in the closer. Saturday night the two losers will meet in the first game and the winners will meet at 8:15 p.m. to determine the Wilmet Sub-District Tourney representative to the regional meets.

The totals:
Big Foot (54): Kolls 7-3 (17); Kelley 4-2 (10); Fuhrman 2-1 (5); Palmer 1-0 (2); Schlimmer 3-5 (11); Schultis 4-1 (9).
School for the Deaf (65): Reinick 8-5 (21); Frazier 6-0 (12); Marvin Huebner 8-3 (19); Rabiola 0-1 (1); Waterstreet 6-0 (12).

Memorial Book Fund
A memorial fund for purchasing children's books for Lake Villa Township Library has been established in honor of the late Mary Pavel and Mrs. Daniel O'Shea of Grayslake and the American Bridge Co. machine shop.

SOCIETY EVENTS

TAKE A paper plate, put some bunnies with wiggly ears on it and you have a copy of Mrs. Alice Johnson's funniest of show hats. Ideal for the Easter parade.

NOT ALL THE creations are new. Even your mom had something that would win prizes today. This ostrich plumed beaver felt adds that touch of "something" to Mrs. Vi Shunnesson.

YOUR DAUGHTER has something you can use. Mrs. Lil Loma found a can-can slip on the old bean gives a bouffant look and wins prizes.

IT APPEARS TO BE red roses and something white to accentuate the party. The party here is Mrs. Charlotte Queen.

FOR DAYTIME or nighttime, this bonny bonnet of George Pierce will get laughs. He proves that not all the ideas can come from the girls. He would have won a prize but could not because he was a judge.

The four-fold expansion of India's steel production is a fundamental aim of the nation's Second Five Year Economic Development Plan. Three new steel mills, each to have a one-million ton-capacity, are expected to be finished by 1960-61. They will raise the nation's steel production capacity from 1.14 million tons as of 1956 to an estimated 4.68 million tons.

Banks Employ Many
There are 600,000 people working today in the more than 14,000 U. S. banks. This is 300,000 more than in 1940—an increase of 100 per cent during the last ten years.

Diamonds had to compete with glass as a girl's best friend in ancient Egypt. The World Book Encyclopedia says glass objects were considered as valuable as jewels.

New Styles May Spring From Grass Lake Hat Fair

"Hats," it was once said, "were invented by someone with nothing on his head."

If you could have been at the Grass Lake PTA last week, you'd have thought they were invented by someone with nothing in his head.

THE PURPOSE of PTA meetings are to discuss educational matters on a high plane. PTA officials are not known to condone such affairs as hat shows to get folks out to the meetings — but in reality it is an education to see the "creations" brought out by parents who have nothing to do all day while their kids are at school.

Judges Wayne Barker, Roy Frasier, Robert Hart, Jim Ferrier and George Pierce were hard pressed to pick winners in four categories but pulled an old hat trick and named four—a sneaky way to get out from under a tight situation.

Because of the variety of designs, built-in doodads, salad, and household hints, the four categories were funniest, oldest, most original and (gulp) prettiest.

All at the PTA meeting had a good laugh, especially the losers, but don't you laugh ladies. It's from such shows as this that next spring's styles may come.

OUT OF THIS WORLD is the gay sputnik bravely exhibited by Mrs. Millie Gaston. If your husband is a veteran who brought home his army helmet, you can bring it up to date and certainly lead the Easter parade.

FROM THE SUBLIME to the fireman's hat is Mrs. Helen Burke's contribution. It doesn't need decorating, embellishing, or explaining. It just sits there and screams at you.

SHADES of the roaring 20s. Mrs. Karl Hawkins brings back those good old days with this tilted version of the old favorite.

IT SOUNDS FUNNY to wear a lamp shade—that's something one does only at parties. But this is a party and Mrs. Ruth Goetz proves that the ivy touch is a sensible approach to millinery.

INDESCRIBABLY CHIC is the moderne creation of Mrs. Marilyn Cogdill who brings out flowers before their time.

BE ORIGINAL. Use an earring tree and poke around your sewing room. You'll be surprised what you pick up. Mrs. Amy Hart did and she won a prize for her originality.

Garden Club Sees Film

The Antioch Garden Club met at 1 p. m. Monday, at the home of Mrs. Norvin Stoffel.

Mr. Thomas, of the Franzen Implement Co., Grayslake, introduced Mr. Foley from DuPont, who showed a Walt Disney film titled, "Nature's Half Acre." It was a most interesting film and enjoyed by all. Foley also displayed and told the uses of garden sprays made by DuPont.

Mrs. Dudley Kennedy conducted the business meeting with 13 members present. Many of the members plan to visit the Grayslake Garden Club on March 5, at which meeting Mr. John Ott will be the speaker.

Plans were discussed for the next flower show to be presented by the Antioch group.

Boy Scout Troop 92 Holds Honor Court

Boy Scouts of Troop 92 held their Court of Honor Tuesday evening, with parents and friends present.

The Women's Auxiliary of Troop 92 will meet at the Scout House this evening (Thursday) to begin planning for a bazaar and bake sale, which will be held Saturday, April 11, in the Scout House.

Woman's Club Meets Monday

The regular meeting of the Antioch Woman's Club will be at 1:30 p. m. Monday, March 2, in the Scout House.

This will be guest day at which a book review will be given by Greta Wiley, TV personality.

The hostess committee, with Mrs. John Dupre as chairman, will include Mrs. Norvin Stoffel, Mrs. Clarence Gibbons, Mrs. Einar Petersen, Mrs. O. L. Raether, Mrs. C. E. Hennings, Mrs. Joseph Horton, Mrs. Donald Purdy and Mrs. William Anderson.

WSCS Meeting In Evening

The regular March meeting of the WSCS of the Antioch Methodist Church will be at 8 p. m. Wednesday, March 4, in Wesley Hall.

Miss Cornelia Roberts will give a talk on her travels in Europe in 1958 and will show colored slides of her trip.

Mrs. George Good will have charge of the devotions and Mrs. Lillian Hand and her committee will serve refreshments.

This promises to be a very entertaining and interesting program to which the men also are invited.

Pvt. Maleck Begins Course in Russian

Pvt. William Maleck, Antioch, has been selected for an intensive nine-month course of instruction in Russian at the army language school in Monterey, Cal., under the army's stepped-up program for overcoming a critical shortage of skilled linguists.

Pvt. Maleck, the son of Mrs. Doris Maleck, Route 1, Antioch, was graduated from Campion Jesuit High School, at Prairie du Chien, Wis., in 1954, and from the University of Notre Dame, at Notre Dame, Ind., in 1958.

Upon completing his present course of study, Pvt. Maleck will be prepared to act as interpreter, able to converse freely in Russian.

Parents of Ford Son

Mr. and Mrs. Donald L. Fett, 265 Ida Ave., Antioch, are the parents of a son, Patrick Joseph, born Sunday, Feb. 15, at St. Therese Hospital in Waukegan. Patrick, who weighed 8 lbs. 3 oz., is the third boy for the Fetts, who have Wayne, age 5, and Mike, who is 2½ years old.

Special Meeting for OES

Antioch Chapter of the Order of Eastern Star will hold a special meeting Feb. 26 at 8:30 p. m. at the Masonic Temple to entertain the Masons, it was announced this week.

OUTLINING SOME OF THE projects facing a new PTA which was formed Monday at the Channel Lake School are newly elected officers (from left): Mrs. Eloise Whittledor, vice president; Mrs. Betty Davis, parliamentarian; Mrs. Joan Buell, historian; Mrs. Jan Roepenack, treasurer; Mrs. Ivan Sengenberger, Waukegan, a district director of the Illinois Congress of Parents and Teachers; Mrs. Lucille Eberman, secretary and Mrs. Kay Lasco, president.

New Books, Records Added To LV Library

A good book makes the long, cold winter seem shorter, says Mrs. Ted Belke, librarian at the Lake Villa Township Library. Area residents are using and enjoying their constantly improving library. New books are being added each month. Several gifts have been received by the library recently. Books were given by Charles Mullenbacher, George Nedoli, Mr. and Mrs. George Hanson, Mr. and Mrs. Rodney Landt and Mr. and Mrs. Marvin Schultz. A subscription to the magazine, *Nature*, was received from Dr. and Mrs. Bob Carmichael.

Records given by Ed Lump, Jr., have added to the popular Friday Music Night program. The new fidelity phonograph is bringing pleasure to many youthful and adult music lovers. Contributions toward the cost of this machine were made by the West Miltmore Ladies' Auxiliary and the Lake Villa Woman's Club. Other contributions are invited.

A collection of 37 new books on philosophy, ethics and religions of the world has been presented to the library from the Lake Villa Community Methodist Church and the presentation was made by the Rev. Gerald Robinson of the Community Methodist Church.

Two new paintings by Dorothy Chmelir of Lake Villa and one by Eugene Bakes of Channel Lake Bluffs are on display at the library. Patrons of the library enjoy seeing the art work of their neighbors as well as the current show of art prints from the State Library at Springfield.

The Lake Villa library has recently installed a new check-out and registration system which has proved efficient and time-saving for patrons and staff. This system is intended to encourage informal library use by eliminating older rigid and regimented routines of check-out and registration.

LOOKING OVER THE CHARTER for Cub Scout Pack 92 are (from left): Richard Stroner, Charles Gribble, scout headquarters; and Lee Ipsen.

Area Scouts Preparing For Scout-O-Rama On Sat.

Lake County Fairgrounds at Grayslake will be the site Saturday for the fifth annual Scout-O-Rama in which more than 50 Boy Scout, Cub Scout, and Explorer Scout units will put scouting skills on display.

More than 1,500 boys and adult leaders of scouting in West Lake County and the Northwest District of the North Shore Area Council are participating in the annual display of scouting crafts in the fairgrounds buildings.

PARTICIPATING units are from Antioch, Fox Lake, Lake Villa, Grayslake, the Round Lake communities, Libertyville, Mundelein, Wauconda, and other towns of West Lake County.

An hourly part of the program will be demonstrations of colorful Indian dances, starting at 3 p. m. The building and displays will be open from 2 p. m. to 8 p. m.

LAST YEAR'S Scout-O-Rama drew an estimated 10,000 persons to the fairgrounds on Rte. 45, just north of Rte. 120 at Grayslake.

Displays scheduled for the program this year include such things

Food Cost Per Person Rises
Average cost of food per person amounted to \$388 in 1957, compared to \$318 in 1947. The purchase of more and higher quality foods by consumers accounted for from 15 to 20 per cent of the added expenditure, according to a survey.

In 1934 the world's first radar apparatus was developed at the Naval Research Laboratory.

8 New Members Received by Moose

A 9 o'clock breakfast and initiation was held Sunday morning at the Antioch Moose Lodge. The new members are Rolfe Bermister, William Thorsen, Robert Williamson, Joseph Pechoulis, Mike Wheeler, Fritz Boyette, Stephen Kiefer, and William Simonsen.

The Antioch Moose Ritual team performed the ceremony. The team is composed of Carl Schiesser, Clarence Jarvis, Robert Avery, Lester Nelson and Henry Grewe. Lester Palmer is degree staff chairman.

Bob Brice, third district secretary, Ben Noble and Arthur Andersen of Antioch Moose Lodge attended the third district Moose meeting at Ingleside Monday, Feb. 16.

Joan Burton to Receive Nursing Cap Sunday

Among the students in the Capping Ceremonies at St. Francis School of Nursing in Evanston next Sunday will be Joan Carol Burton, daughter of Mr. and Mrs. John M. Burton, Box 534, Antioch.

The Capping Ceremony will be at 2:30 p.m. in the St. Scholastica Auditorium. The school cap will be awarded to students who have completed the six months preclinical period. The awarding of the cap signifies that the student has demonstrated the ability to meet scholastic requirements and that she has personal and professional aptitude for nursing.

Jack Benny Gives To Red Cross Drive

Jack Benny, who has been an ardent booster of Waukegan and Lake County for all of his "39 years," proved this week that his self-styled selfishness was strictly for laughs as he sent a substantial check as his contribution to the 1959 Lake County Red Cross fund drive.

Mrs. Jerome Morrison, chairman of the Waukegan special gifts committee, wouldn't reveal the amount of the check, but she said it certainly indicated that "Jack is anything but a miser."

130 Poisoning Cases

One hundred thirty cases of accidental poisoning were reported to the State Department of Public Health during January by local poison control centers in downstate Illinois. All of the cases involved children under six years of age.

Thirty-one hospitals in 23 downstate communities are cooperating in the state accidental poisoning report program. Each hospital is providing emergency treatment and 24-hour telephone service to help physicians identify the ingredients of various poisonous substances and to make treatment recommendations in cases of poisoning.

IN MOST OF the cases, reports indicated some form of medicinal preparation as the poisonous substance involved. Household preparations, such as detergents, cleansers and pesticides, were also frequently reported agents.

Accidental poisoning figures reported for last year by the local centers indicated that more than 85 per cent of all accidental poisoning occurs in children under the age of four.

3 Get Drivers' Permit Revocations

Three from this area have received drivers license revocations from the secretary of state on charge of driving while intoxicated.

They are Daniel F. Putnam, 1066 Spafford St., Antioch; Melvin L. Ester, Rt. 3, Engle Dr., Lake Villa, and Joseph W. Grenus, Rt. 1, Box 254, Lake Villa.

Beverly E. Calhoun, Box 182K, Ingleside has received a license suspension for violating a restriction imposed on a license.

An increase of twenty to fifty percent of India's industrial production is potentially possible through the uniform application of advanced quality control methods, according to a United Nations study undertaken at the invitation of the Indian Statistical Institute. To implement the UN findings, the Institute has already established quality control units in Calcutta, Delhi, Bombay and Bangalore.

Comfort for Ladies

Back in 1900, a New York banker had an "eye for the ladies." It provided a special row of teller's windows as well as desks and telephones for their convenience. Today, many banks court the fair-sex with thoughtful touches—like upholstered chairs, colorful murals, flower boxes, piped-in music and soft lights.

Frogs vs. People

A frog cannot breathe when its mouth is open. It's a good thing humans aren't constructed that way.

PERFORMERS TAKE TIME OUT from rehearsals to jazz it up. Some of the adult members of the annual Minstrel Show to be presented Friday and Saturday are (clockwise) Director Ken Smouse, at piano; Lila Palinski, guitarist; vocalists Florence Yancey and Clarence (Cookie) Olson.

—(St. Matthew 27, 22.)

This question was asked by a pagan judge of a riotous mob nearly two thousand years ago, but it is a question of prime importance today. Each of us should ask himself daily, What shall I do with Jesus which is called Christ? The destiny of the world may depend on our answer.

Fashion is Fickle, Whims To Politics Cause Change

Fashion is a fickle goddess whose head has been turned by everything from bunsions to bets to politics and even the winds of chance.

A London dress designer, for example, recently attributed the popularity of the sack dress to a reaction against the curves of Jayne Mansfield and Marilyn Monroe.

Queen Victoria reacted differently, however, when Albert cast admiring eyes on a Scottish peasant girl dressed in a red flannel petticoat.

According to a research firm the queen ordered a red flannel petticoat for herself, and began the fashion typical of her reign.

The French revolution took the frills out of Parisian dress for a while, and substituted its own somber tone. The guillotine left its mark in the Titus coiffure, cut very close at the back with the front arranged in loose ringlets. A red necklace was worn, and sometimes a red shawl, to complete the effect.

Another hair style was initiated by accident, when the wind blew off the hat of the Duchess of Fontange at a royal hunting party. The resourceful duchess tied up her hair with her ribbon garter. The next day, all the court ladies appeared with a headdress "a la Fontanges."

THE WIFE OF AN Austrian archduke introduced a new color by airing her dirty linen. Isabella had vowed not to change her linen until her armies had taken the town of Ostend. The siege lasted more than

three years. And for more than a century after, fashionable men and women dressed in yellow-gray, dubbed "Isabella color."

During the Middle Ages, long-toed shoes denoted wealth and dignity. The style has been blamed by some on a Frenchman who reportedly invented it to hide huge bunions on his feet.

About the year 1800, Lord Spencer set out to expose the capricious fashion world. He is said to have made a bet that he could launch a meaningless fashion that would become popular in six months. Whereupon he cut off his coat tails with a pair of shears and went out for a walk.

In two weeks, all London had adopted the style, and the spencer jacket was born.

Canada Visitors Plan Sports Show Trip

Mr. and Mrs. Leo Hampe, of Dryden, Ontario, Canada, are the guests this week of Mr. and Mrs. H. E. Shepard and Mr. and Mrs. H. K. Gaston.

The visitors are the owners and operators of the Green Island Lodge located on the Upper Manitou Lake in Ontario, Canada. While visiting here they plan to attend the sports show in Chicago. They are enjoying the reunion of friends and acquaintances from the Antioch area who in past summers have been their guests at the lodge in Canada.

The U. S. had a "floating" capital until 1800. Researchers report that the federal government had 10 capitals before Washington, D. C., became the official capital in 1800.

Don't Call Him High Pockets. The shortest male dwarf on record was Frank Flynn, of Greene, New York, often known as General Mite. He stood a shade over two feet high.

Reactor Detects Minute Elements

ANN ARBOR, Mich.—Ultra minute quantities of elements—sometimes two-tenths of a part per billion—can be detected in meteorites with facilities of the Michigan Memorial-Phoenix Project at the University of Michigan.

Information thus gained is adding to the fund of knowledge on how elements were built up in the formation of the universe.

The technique utilizes the project's Ford Nuclear Reactor, most powerful at any educational institution, and a pneumatic tube system which enables a powdered sample of a meteorite to be exposed to intense radiation and then be returned in seconds to the fingertips of the chemist making the analysis.

The quantities of elements such as rhodium, silver and indium are so small they cannot be detected by "old-fashioned" standard chemical means alone, as the presence of equally small amounts of the elements in the supposedly pure test chemicals invalidate the results.

In 1921 the Navy installed the first radio set in the White House.

8 New Members Received by Moose

A 9 o'clock breakfast and initiation was held Sunday morning at the Antioch Moose Lodge. The new members are Rollie Bermister, William Thorsen, Robert Williamson, Joseph Pechoullis, Mike Wheeler, Fritz Boyette, Stephen Kiefer, and William Simonsen.

The Antioch Moose Ritual team performed the ceremony. The team is composed of Carl Schlessler, Clarence Jarvis, Robert Avery, Lester Nelson and Henry Grewe. Lester Palmer is degree staff chairman.

Bob Brice, third district secretary, Ben Noble and Arthur Andersen of Antioch Moose lodge attended the third district Moose meeting at Ingleside Monday, Feb. 16.

Joan Burton to Receive Nursing Cap Sunday

Among the students in the Capping Ceremonies at St. Francis School of Nursing in Evanston next Sunday will be Joan Carol Burton, daughter of Mr. and Mrs. John M. Burton, Box 534, Antioch.

The Capping Ceremony will be at 2:30 p.m. in the St. Scholastica Auditorium. The school cap will be awarded to students who have completed the six months preclinical period. The awarding of the cap signifies that the student has demonstrated the ability to meet scholastic requirements and that she has personal and professional aptitude for nursing.

Jack Benny Gives To Red Cross Drive

Jack Benny, who has been an ardent booster of Waukegan and Lake County for all of his "39 years," proved this week that his self-styled selfishness was strictly for laughs as he sent a substantial check as his contribution to the 1959 Lake County Red Cross fund drive.

Mrs. Jerome Morrison, chairman of the Waukegan special gifts committee, wouldn't reveal the amount of the check, but she said it certainly indicated that "Jack is anything but a miser."

130 Poisoning Cases

One hundred thirty cases of accidental poisoning were reported to the State Department of Public Health during January by local poison control centers in downstate Illinois. All of the cases involved children under six years of age.

Thirty-one hospitals in 23 downstate communities are cooperating in the state accidental poisoning report program. Each hospital is providing emergency treatment and 24-hour telephone service to help physicians identify the ingredients of various poisonous substances and to make treatment recommendations in cases of poisoning.

IN MOST OF the cases, reports indicated some form of medicinal preparation as the poisonous substance involved. Household preparations, such as detergents, cleansers and pesticides, were also frequently reported agents.

Accidental poisoning figures reported for last year by the local centers indicated that more than 85 per cent of all accidental poisoning occurs in children under the age of four.

3 Get Drivers' Permit Revocations

Three from this area have received drivers license revocations from the secretary of state on charge of driving while intoxicated.

They are Daniel F. Putnam, 1066 Spafford St., Antioch; Melvin L. Ester, Rt. 3, Engle Dr., Lake Villa, and Joseph W. Grenus, Rt. 1, Box 254, Lake Villa.

Beverly E. Calhoun, Box 182K, Ingleside has received a license suspension for violating a restriction imposed on a license.

An increase of twenty to fifty percent of India's industrial production is potentially possible through the uniform application of advanced quality control methods, according to a United Nations study undertaken at the invitation of the Indian Statistical Institute. To implement the UN findings, the Institute has already established quality control units in Calcutta, Delhi, Bombay and Bangalore.

Comfort for Ladies

Back in 1900, a New York banker had an "eye for the ladies." It provided a special row of teller's windows as well as desks and telephones for their convenience. Today, many banks court the fair-sex with thoughtful touches—like upholstered chairs, colorful murals, flower boxes, piped-in music and soft lights.

—(St. Matthew 27, 22.)

This question was asked by a pagan judge of a riotous mob nearly two thousand years ago, but it is a question of prime importance today. Each of us should ask himself daily, What shall I do with Jesus which is called Christ? The destiny of the world may depend on our answer.

Fashion is Fickle, Whims To Politics Cause Change

Fashion is a fickle goddess whose head has been turned by everything from bunions to bets to politics and even the winds of chance.

A London dress designer, for example, recently attributed the popularity of the sack dress to a reaction against the curves of Jayne Mansfield and Marilyn Monroe.

Queen Victoria reacted differently, however, when Albert cast admiring eyes on a Scottish peasant girl dressed in a red flannel petticoat.

According to a research firm the queen ordered a red flannel petticoat for herself, and began the fashion typical of her reign.

The French revolution took the frills out of Parisian dress for a while, and substituted its own somber tone. The guillotine left its mark in the Titus coiffure, cut very close at the back with the front arranged in loose ringlets. A red necklace was worn, and sometimes a red shawl, to complete the effect.

Another hair style was initiated by accident, when the wind blew off the hat of the Duchess of Fontange at a royal hunting party. The resourceful duchess tied up her hair with her ribbon garter. The next day, all the court ladies appeared with a headdress "a la Fontanges."

THE WIFE OF an Austrian archduke introduced a new color by airing her dirty linen. Isabella had vowed not to change her linen until her armies had taken the town of Ostend. The siege lasted more than

three years. And for more than a century after, fashionable men and women dressed in yellow-gray, dubbed "Isabella color."

During the Middle Ages, long-toed shoes denoted wealth and dignity. The style has been blamed by some on a Frenchman who reportedly invented it to hide huge bunions on his feet.

About the year 1800, Lord Spencer set out to expose the capricious fashion world. He is said to have made a bet that he could launch a meaningless fashion that would become popular in six months. Whereupon he cut off his coat tails with a pair of shears and went out for a walk.

In two weeks, all London had adopted the style, and the spencer jacket was born.

Canada Visitors Plan Sports Show Trip

Mr. and Mrs. Leo Hampe, of Dryden, Ontario, Canada, are the guests this week of Mr. and Mrs. H. E. Shepard and Mr. and Mrs. H. K. Gaston.

The visitors are the owners and operators of the Green Island Lodge located on the Upper Manitou Lake in Ontario, Canada. While visiting here they plan to attend the sports show in Chicago. They are enjoying the reunion of friends and acquaintances from the Antioch area who in past summers have been their guests at the lodge in Canada.

The U. S. had a "floating" capital until 1800. Researchers report that the federal government had 10 capitals before Washington, D. C., became the official capital in 1800.

Reactor Detects Minute Elements

ANN ARBOR, Mich.—Ultra minute quantities of elements—sometimes two-tenths of a part per billion—can be detected in meteorites with facilities of the Michigan Memorial-Phoenix Project at the University of Michigan.

Information thus gained is adding to the fund of knowledge on how elements were built up in the formation of the universe.

The technique utilizes the project's Ford Nuclear Reactor, most powerful at any educational institution, and a pneumatic tube system which enables a powdered sample of a meteorite to be exposed to intense radiation and then be returned in seconds to the fingertips of the chemist making the analysis.

The quantities of elements such as rhodium, silver and indium are so small they cannot be detected by "old-fashioned" standard chemical means alone, as the presence of equally small amounts of the elements in the supposedly pure test chemicals invalidate the results.

In 1921 the Navy installed the first radio set in the White House.

ANOTHER BOWLER is registered by the two women who made the 14th Men's Tournament here run so smooth. The bowler, who became a fast friend of the Antioch lane because of the women is Glenn Jacoby, Grayslake. His helpers are Agnes Gibson, secretary of the tournament and Myrtle Sampayo, (right), first lieutenant and aide.

Women 'Enter' Men's Bowling Tourney— Just To Insure Success

It was two women who made the 14th Annual Men's Bowling Tourney here a success.

Of course it was necessary to have the 1800 men entries, the publicity given by men sportswriters, the planning of men owners Jack Sampayo and Mike Schamburger.

BUT IT WAS women who assured the tourney's ultimate smooth running and completion.

The women are Mrs. Carl Gibson; tourney secretary, and Mrs. Jack Sampayo, wife of the owner.

Agnes Gibson is no stranger to bowlers of this section having been in bowling alley operations here for many years. The Gibsons have run alleys for three years at New Glarus, Wis., and with her husband, they built the reputation of the downtown Antioch alley from 1945 before moving to the Wisconsin town.

She is a bowler too so knows personalities and averages of almost everyone you could name. In competition she has rolled healthy 150 averages and now is down to only a 149 average.

NOT ONLY THAT, but she has raised a house of bowlers also with sons, Billy, 10, and Jimmy, 14, and daughter, Mary, 12, rolling regularly in kids' leagues.

Her work in the men's tournament took her off the alleys of course but she busied herself with registrations, scheduling, checking averages, announcements, and the hundred other things which makes a tourney go.

Probably one of the things which won her so much acclaim from visiting and local bowlers was her almost pinpoint scheduling. Except when a number of "two-ball bowlers" got together, contestants were on the alleys just minutes short of the time they were scheduled to go on. And when bowlers did lag as much as 20 minutes behind, she foresaw the hold-up and could switch bowlers, alleys and times to run in some speedy keggers to bring the competition back on schedule.

ALWAYS AT HER hand was Mrs. Sampayo who aided at the desk and put her full knowledge of bowling to work in keeping things going smoothly. She also is a top-flight woman kegler nearing the 160 average in competition.

This was her first Antioch Men's Bowling Tourney since the Sampayos moved here only last August with purchase of the alleys. They came here by choice of Myrtle Sampayo who urged her husband to buy the Antioch lane instead of others offered at Barrington and other north suburban towns.

"She likes the people here," husband Jack explains in recalling her insistence in coming to Antioch. "She was raised in Chicago and spent most of her life there and like so many Chicagoans, she liked

small towns."

NOW WHILE SHE isn't on the alleys bowling, keeping score or taking care of much office work, she is making plans to move into a new home here. She is anxious to practice housekeeping and her main hobby is cooking, husband Jack says with gusto.

It's not that the men's admiration for the women in the tournament was one-sided, though. For both the gals are quick to say thanks to the men who through their cooperation made the tourney so easy to run.

So take a bow, men and women in the greatest of all Antioch Men's Bowling show.

Minority Groups, Their Acceptance Topic Of Panel

Two representatives from Lake Villa institutions will attend the luncheon today in Waukegan to hear a panel discussion on Housing of Minority Groups in the county.

Mike Elliott, Central Baptist Children's Home and Claire Appleby of the Allendale School, are the representatives attending. They are both members of the Lake County Welfare Council and Elliott is publicity director of the group.

THE PANEL OF three ministers and an educator are presenting the discussion as a repeat of a radio series last week. Welfare agency people only are to attend.

The panelists are, The Rev. Theodore Frank, Waukegan First Congregational Church; the Rev. Bob Thomas, Trinity African Methodist Episcopal Church; the Rev. Ralph Smith, First Methodist Church, Waukegan, and James McClendon, of the Waukegan Township High School.

Cheer, Cage Fans!

Past Records Mean Nuttin' In Tourneys

This is the time of the year the true basketball fan waits for. Season records are thrown out and every favorite has the same advantages for the state title.

AND ALMOST anywhere the basketball fan looks, there'll be a tournament.

The real action began last Monday night at Wilmot in a sub-district for schools less than 300 enrollment. It will continue Friday and Saturday.

At Salem Central next Monday a sub-regional contest with four teams participating will be played. At least three top-flight Wisconsin teams will be at the 2,800 seat Salem gym.

Also on Monday night at Barrington, the eight-team regional will find a contestant from this area for the Arlington Heights sectional.

Regional tourneys will also be held in this section of Illinois at Warren and North Chicago.

and with the addition of a permanent ball diamond, this should be an excellent year for the boys. He added that time is fast creeping up on the planners and that the ball site will need much work. The property will be laid out in a single diamond for both Little and Pony leagues, similar to Antioch's park.

An official schedule is drawn up for the organizers. It is:

Registration for boys, April 18-19 at Lake Villa Village Hall, Lindenhurst Men's Club, Venetian Village Hall. Registration fee of \$1 will be charged which will be used for insurance.

April 26 registration for Pony League members.

June 8 beginning of regular league play.

DEATH NOTICES

John P. Klein

Funeral services for John P. Klein, 65, were held Wednesday at the Holy Name Catholic Church at Wilmot.

Mr. Klein died Saturday, Feb. 21, at his home on County Trunk A11 after a short illness. He was born Feb. 23, 1893 in Chicago and moved to Salem 18 years ago. He was a member of the Holy Name Catholic Church at Wilmot and the Antioch American Legion Post. He was a retired chauffeur for the Railway Express.

Survivors include three brothers, Jacob, Joseph and Frank, all of Chicago, and a sister, Mrs. Gertrude A. Schorf, Salem. A brother, Peter, died in 1923.

Burial was in St. Joseph Cemetery, River Grove.

James Hanlin

Word has been received here of the death of James Hanlin, 63, St. Johns, New Brunswick, Canada, a former resident of Antioch. He moved from this area in 1908 to Saskatchewan and to St. Johns several years ago.

Mr. Hanlin died Saturday, Feb.

14, and is survived by his mother who will be 92 Thursday. Three brothers and three sisters also survive. Two sisters are Mrs. Belle Peteren, Waukegan, and Mrs. Ruth Strahan, Wadsworth, who had not seen him for 30 years. Mr. and Mrs. Strahan attended the funeral.

Yvonne, from Yvonne Studios, will also give a special dance number.
Dr. R. A. Carlucci will prove his versatility on the stage this year by starring in a one act melodrama titled "No, No, A Thousand Times No." A smashing success last year in a special dance number, he will be making his first appearance Friday night in a dramatic role.

Director Smouse and the members of the cast have gone all out this year to produce a show that promises to be an entertainment trade mark for the community. The show will run two nights, Friday, Feb. 27, and Saturday, Feb. 28. Tickets may be purchased from parents of the high school music students and also at the door on show night.

ANOTHER TWO POINTS for Antioch but in vain as the Sequoia lost to Zion-Benton last weekend. That's Paul Magiera (40) pushing it in despite the guarding of Zion's tall center, Bob Martin (50) and Jerry Dahlman await the rebound.

Scouts Again Trim Antioch

Lake Forest's height will cause Antioch no more trouble. Season's competition is over for both of them.

The tall Scouts from the south proved again Friday night that the tall man is still a top weapon in the cage sport as they whipped short Antioch 67-58 on the home floor.

BUT EVEN THOUGH the height may have been a major factor in the defeat, the worst team game in several weeks for the Sequoia was also a factor, says Coach Larry Leon.

A drought in the second period was responsible for the visitors building up an in surmountable wall. Antioch could get only 10 points on a single field goal. Meanwhile Lake Forest collected 23 markers.

Jerry Dahlman, top scorer for Antioch, was held to nothing in the second quarter—a picture of how terrible Antioch's luck became.

It was the game Coach Leon had been waiting for—one when the team would fall apart. "I'm glad it came in this game and not in the tournament," he muttered.

THE LOSS LEFT Antioch in a position for a sixth place tie in league play, depending on how next Friday's game comes out. Round Lake and Antioch could end up tied for the spot.

The totals:

Lake Forest (67): Green 7-0 (14);

Rawson 4-4 (12); Barth 3-6 (12);

Burns 2-3 (7); Kuhlman 5-3 (13);

Christie 2-5 (9).

Falcons Falter, Drop 8th Game Of Season 66-65

It's not so easy to make, even one point, let alone two, from midcourt with only one second remaining in the game. Salem found that out Tuesday evening when they dropped a heartbreaker to Whitewater, 66-65, at the Central gym.

Salem Central's Falcons led throughout the game—16 to 10 at the end of the first quarter; 35-32 at intermission; 48-46 at the finish of the third.

IN THE FRANTIC fourth period, with 2:58 left, the score was tied at 59 all. Pollock put Whitewater out in front but a lay up by Davis gave Central a 61-60 lead with 2:03 left.

The Salem rooters went wild.

A cheer rose as the buzzer sounded. Salem controlled the ball but Whitewater stole it from Yates, a rare happening, and Paynter netted a shot for Whitewater. Jeff Condon, who played an exceptional game for Whitewater, slipped through another two pointer. The score: Salem 61-Whitewater 64.

DICK NEU, who fought and got many more than his share of rebounds from both boards, slammed a shot up at the backboard with 37 seconds to go. The ball went in and the score stood at 64-63 for Whitewater. Paynter made another shot from the side court. Davis hit with only seven seconds to go. The Falcons gained control of the ball with only one second left and called time out. A frantic last-ditch play failed.

This was Salem's eighth loss in 19 games for the season.

The totals:

Salem (65): Davis 6-1 (13); Lentz

1-0 (2); Erickson 2-0 (4); Foulke

0-0; Krawczyk 5-5 (15); Neu 3-2

Tilts At Salem, Wilmot, Barrington May Exhibit Future Champions Of 2 States; Play Begins Friday

While season records are thrown out the window in basketball tournaments, they still serve to give a comparison of how the teams may fare in their serious bids for state honors.

The tournament season begins in earnest in this area this weekend at Wilmot, Wis., and continues next week at Salem, Wis. and at Barrington.

Here is the way the tournaments and contenders line up.

At Barrington:

A single elimination five day affair pits western Lake County squads in a seven game regional playoff for the right to represent this section in the chase for the Illinois championship.

Seeded at Libertyville, first, Elkhorn, second and Barrington, third. The tourney is set up so that top and bottom rated teams meet first so that the eventual winner should be the best team in the meet.

PAIRINGS ARE as follows:

Libertyville and Wauconda at 7 p.m. Monday and Elkhorn and Grayslake at 8:30 p.m.

Barrington and Antioch at 7 p.m. Tuesday and Grant and Round Lake at 8:30 p.m. Tuesday.

Monday winners meet Wednesday at 8 p.m. and Tuesday winners on Thursday at 8 p.m.

TOURNAMENT CHAMPION will be named Friday night after the 8 p.m. tilt. The winner will advance to Arlington Heights sectional to begin March 11.

Tickets for the regional tournament will go on sale Friday of this week at the Antioch Township High School office.

Antioch has a 5-16 record now and has one more regular season game to go Friday night at Warren. Coach Larry Leon has moved two men up from the sophomore team to the tourney squad. They are Ed Martin, 6' 2", and Les Herbst 5' 11".

They were top scorers on the top-flight underclass team which is tied for the conference championship in that bracket.

HERBST is a brother of Wayne Herbst who graduated last year and scored 357 points in his lifetime with the Sequoia. Les has led the sophomores this year and "has come through when needed," varsity Coach Leon says.

Sophomore Brian Elliott also was scheduled to make the tourney team but sprained an ankle last week and is out for the season.

In Barrington, Antioch is meeting a team which has an 8-15 win-loss total for the year, a bit unusual for the team. Barrington usually is one of the top squads of the county and seldom sees less than a 500 year.

It holds victories however, over some of the top teams in the state including Thornton, no No. 5 in the state seedings.

Coach Leon feels Grant from nearby Ingleside should be at least third in the meet on the basis of its strong finish in the Northwest Suburban Conference. Grayslake also is an up-and-down squad, he feels.

Zion Shoots Down Antioch By Big 87-64

Antioch rounded out its non-conference cage season Saturday night with a loss to highly-rated Zion-Benton and pointed to its final regular season with conference foe Warren Friday night.

The 87-64 loss to Zion was built on the Sequoia's lack of ability but the ZeeBees uncanny shooting accuracy. A 520 shooting percentage in the first half overshadowed the team's regular 472 average for the season. Getting a 52 to 35 lead at the half was too much for the brave Indians to conquer.

BUT THE ENTIRE game was much better played than the 67-58 loss to Lake Forest at home the night before.

Coach Larry Leon feels the turning point of the game was in the first period when Zion led 20-19. Their ace Robinson stole the ball and when 40 seconds had elapsed, the home team had six points which was never in danger.

Antioch's Jerry Dahlman had another good night getting 17 points before he fouled out in the fourth period. Had he been able to stay in, he should have netted in the 20's again. It was only the second game this season in which he has not completed.

On the basis of their showing, Coach Leon picked the ZeeBees to be the darkhorses of the North Chicago regional tournament next week. Already assured of second place in the conference, the team has nipped league winner McHenry for its only loss of the year. Both teams beat Antioch in the last two weeks.

The totals:

Antioch (64): Magiera 4-11 (19);

*Wolf 5-1 (11); *Martin 2-0 (4);

Gudgeon 2-2 (6); *Dahlman 8-1

In the preliminary, the Salem B team was soundly trounced by the Grovers' B's by 43-13.

Salem

The huge 2,800 seat gymnasium at Salem will go through three big nights of cheering beginning Monday night as six teams vie for the right to move on to Beloit for a regional honors.

The Salem site, second most popular in Wisconsin for fans, last year, will see top rated Lake Geneva and Elkhorn get byes for the first night while Kenosha and Burlington battle at 7 p.m.

ON THURSDAY the Burlington-Kenosha winner meets Lake Geneva and the Elkhorn Elks take on the Salem-Waterford winner. In the finals on Friday, the Thursday losers meet at 7 p.m. for the consolation honors and at 8:30 p.m. the champion will be chosen.

Tickets for the tournament will be on sale at the Salem High School every day. Principal A. H. Erickson of Salem is tourney manager and has issued a plea for cooperation of all fans in being good sports all the time.

"All of the participants in the tournament competition are representing schools and the entire series is part of the educational program. It is, therefore, absolutely necessary an attitude of gentlemanly conduct prevail among all who participate, either actively or as a spectator. The use of vulgar or profane language by the players on the floor, or the excessive razzing or booing of officials by coaches and fans has no place in the tournament program and must not be permitted," he said.

ELKHORN, LAKE Geneva and Kenosha are rated as favorites while any of the other clubs could cause trouble. Elkhorn and Geneva Badger have split in two clashes this year and Kenosha holds wins over powerful Janesville and Madison West. Elkhorn is unbeaten in league play, Salem is third in its conference and Lake Geneva has won its Southern Lakes title.

Salem has another game to play to complete its season, that Saturday night versus Burlington Demons. Although having a poor year, Burlington may be up for the game which is viewed as a preliminary to the tourney.

Wilmot

With Walworth's Big Foot High School eliminated last Monday, the Wilmot sub-district tourney will continue to a conclusion Friday and Saturday nights.

This tourney for smaller schools will pit Clinton of the Southeastern Conference against Williams Bay at 7 p.m. Friday and Wilmot will meet Wisconsin School for the Deaf at 8:15 p.m.

LOSERS OF Friday games will meet in the first contest Saturday night at 7 and the champion will be one of the two Friday winners who meet at 8:15 p.m. in the finale.

The School for the Deaf should provide color for the fans as the nearly 100 deaf and dumb rooters urge on their team in their own way. Fans last Monday were treated to the show which will be repeated against the local Panthers.

However, the School for the Deaf and its apparent physical handicaps can not be taken lightly as it proved against Big Foot. The unusual formations of the Delavan school may upset the well-planned strategy of stronger squads.

WINNER OF the Wilmot District fracas goes on to a district tournament and eventually the small school winner will come against the larger schools for the state crown.

Wilmot, though winless for the year in its conference, has given some of the larger teams a tough go. Much can be expected from Coach Bob Handke's Panthers on the basis of their close games.

Frank Bucci, athletic director at Wilmot, is tourney manager and says tickets for both the Friday and Saturday contests are on sale at the Wilmot High School.

Scouts Whack Waukegan 90-83, Hold Second Spot

Who's in first? but who ought to be?

This indicates the paradox that faces the Antioch Scouts now because Waukegan's Posner team occupies first place even after being whipped last week by the second place Scouts, 90-83, on the Antioch court.

THE SCRAP between the first and second place quintets in the McHenry County Basketball League was, in a way, like the final world series game of 1940. The Scouts had to come from behind to win. They did.

A nervous start found both teams shooting wildly, throwing the ball away on bad passes and fumbling. The Scouts jumped into the lead and increased it on Al Reckers' long, one-handed jump shots, beautiful pivot shots by Bill Baird and outstanding board work. The height advantage held by Antioch and the Scout's determination to win, so it seemed, gave them a 25-14 lead at the end of the first quarter.

The game became a see-saw duel, first one team scoring and then the other. Smejkal literally wrestled for rebounds at both boards while Reckers continued to drill his long jump shots into the net. Midway

through the period Antioch was still seven points up. Smejkal came up with some remarkable shots. Then it appeared as though the Scouts thought

ATHS Rates High Scholastically Despite Some Who Refuse to Study

Despite students' lack of interest in accuracy and problems of kids who won't do school work, Antioch Township High School has a good record of scholastic achievement.

The school rates as an equal or better of most state public schools and private schools according to test scores in the Iowa achievement tests given to juniors at the school, the school board heard from Frank Denison, guidance counselor, last week. He was speaking at a joint school board-curriculum committee meeting.

The tests are given to incoming freshmen and to the same students when they are juniors to measure their progress.

DENISON NOTED that as schools get larger, students seem to do better. Schools over 1000 enrollment seem to do the best job, he said.

The tests cover verbal and non-verbal areas and natural science and social studies reading as well as three areas of English language.

The board also heard from the curriculum committee that the present grouping of students according to their abilities is working out very well.

WE CAN RAISE the standards between students by drawing out the average and advanced students forcing them to compete scholastically," said Mrs. Jeanette Tulumello, social studies department head. By grouping also, the slower students can be helped individually, she said.

One of the problems in the slow group is the case of students who refuse to do school work. The committee did not elaborate greatly on this point.

In the area of mathematics, the board heard that some students are not interested in accuracy. Donald Cramer, mathematics department head, noted that an answer in this field that is "just about right" is not at all right but completely wrong.

He said also that there are some students in high school with third grade math ability. He suggested remedial arithmetic and noted that

the grade school teachers also propose remedial arithmetic courses on the high school level "without credit." This would put greater pressure on the grade school teachers to be sure students received good training before coming to high school.

HOWEVER, THE MATH picture is not all dark at the school, Cramer said. He presented figures showing that 33 per cent of the seniors are taking math compared with the national average of 17 per cent; about 47 of the 168 juniors are taking math and 126 of the 200 sophomores take the courses.

Cramer also suggested that German be instituted into the curriculum because science calls for a knowledge of German. Spanish is the modern foreign language now taught at the school.

Mrs. Carol Maplethorpe, dean of girls, said that any language taught should be for four years, not two.

Now—the luxury of Electric Heating for New Home Buyers

Many new Electrically Heated Homes are open for inspection in the Chicago area now. These homes offer a new standard of comfort and convenience never before available.

An exciting new kind of comfort—the luxurious comfort of Electric Heating—is fast becoming the new standard of excellence to Chicago area home buyers. And Electric Heating offers so much more than conventional heating systems, that it's well worth the few extra dollars it costs to operate.

New cleanliness, new quietness, new comfort control

For example, new Radiant Electric Heating is just as clean as electric light! It uses no fuel, needs no chimney. There's no open flame, nothing burning, no smoke or soot to create dirt.

And Radiant Electric Heating gives you complete comfort control. Separate thermostats in each room let you "tune in" the exact degree of heat you need. You can keep the bathroom at 80°, while the living room is 72°, and the bedrooms are set for perfect sleeping comfort at 65°.

Electrically heated homes cost no more

A home with Radiant Electric Heating costs you no more than you'd pay for a home with conventional automatic heat. And you get far more insulation than you would get in the average new home—the equivalent of 6 inches in the ceiling, 4 inches in walls, 2 inches in the floor over unheated spaces.

And most important, upkeep is just a fraction of what you'd

pay to keep a conventional system in operation. Since Radiant Electric Heating has no moving parts, there's nothing to get out of order. Nothing to adjust, nothing to clean.

Year-round air conditioning

You can add air conditioning anytime you choose. Or, if you want air conditioning right away, you can have a home equipped with the wonderful new Electric Heat Pump. It's a single, compact unit that heats in winter, cools and dehumidifies the air in summer, filters and circulates the air to every room in your home the year round.

And just as with Radiant Electric Heating, there are no flames, no fumes. Nothing to escape, drip, leak, smell or boil over. Nothing to disturb your absolute peace of mind!

The new Electric Heating rate

A new Electric Heating rate (30% lower!) is offered homeowners who heat exclusively with electricity—putting this wonderful new form of heating well within the means of most new home buyers.

For full information on new electric Heating, call your nearest Commonwealth Edison or Public Service Company office.

Remember, electric heating is available now!

There's no waiting list and no permits are needed.

No heating dirt ever! You save on decorating.

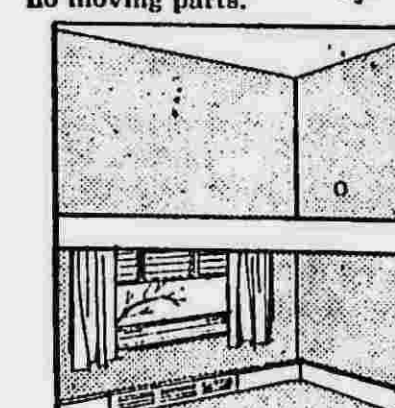

No danger of chills, with Radiant Electric Heating. There's a thermostat in every room.

Both heating and air conditioning are yours with the Electric Heat Pump.

Absolutely silent and draft-free—Radiant Electric Heating has no moving parts.

Space-saving Radiant Electric system is installed in baseboard or walls, floor or ceiling.

HS Library Book Appeal Nets Few In Math, Science

An appeal for school books for the Antioch High School library has brought some response, Mrs. Holland Boaz, librarian, reported to the school board last week. However, the type of books needed did not come as expected.

The library is very deficient in mathematics and science texts, Mrs. Boaz reported. She noted that in the aviation category, the library has "Spirit of St. Louis" then jumps to "Missiles and Rockets." Nothing in between.

THE TYPE of books the public responded with were novels and fiction to add to the leisure reading section of the library.

It was suggested by William Brook a board member, that an appeal be made for specific types of books. The school board appropriated \$500 to bolster the math and science sections of the library but in numbers of books of all kinds, the library will still be short of suggested requirements.

The library has only 3,000 volumes, Mrs. Boaz said, while for a school the size of Antioch a minimum of about 5,000 is needed.

Auxiliary News

Juniors Make Tray Favors

Under the direction of Mrs. Hilma Lightsey, Antioch Unit Junior Activities chairman, the junior members of the Unit made 12 dozen tray favors of valentines with candy and gum for patients at Downey Hospital.

Junior membership paves the way for Senior Auxiliary membership, instilling Auxiliary ideals and it is an important step in "transmitting to posterity the principles of Justice, Freedom and Democracy."

Dates of the summer carnival sponsored by the American Legion Post and the Auxiliary have been set for July 8 to 12.

Coupons

Coupon chairman, Mrs. Eva Gaylord, reported having sent to the district 1000 coupons. Cash received from the coupons is used for the Downey Nursery and Rehabilitation program. Members and non-members as well, are asked to save coupons from American Family soap and flakes, Pillsbury and Betty Crocker products, Vet's, Perk, Peak and Rival Dog Foods, Linit, Rap-in-Wax, Joan of Arc, Rawleigh, Borden's and S&H stamps and send them to Mrs. Gaylord or hand to an Auxiliary member. Labels from Vets, Perk and Peak dog foods are given to the Pilot Guide Dog Foundation.

Birthday Party

The Feb. 27 meeting of Antioch Unit will be the birthday celebration of the Unit. A pot-luck dinner will be served at 6:30 p.m. and all Auxiliary members and their families are invited to attend.

Antioch Clinic Group Gets Incorporation

Lakes Region Medical Building, Inc., has been incorporated by the state as a for profit corporation, it was announced this week.

Incorporators are Dr. James W. Kopriva, Helen H. Kopriva and Dr. Alan L. Thain. The group which has just moved into a \$30,000 building on No. Main St., Antioch, called the Antioch Clinic, seeks to provide facilities for medical housing for doctors, dentists and allied type operations pertaining to the medical profession. Ted Larson, Antioch, is attorney for the group.

George Bartlett, for 26 years pres-

ident of the Village Board, announced his intention to again head the Peoples party ticket for reelection to the board. He was set to run with Arthur Rosenfeldt, Arthur Hawkins and Edgar Simonsen.

A fire at the Walter K. Hills Farm two miles south of the village resulted in a loss of \$30,000. However, the owner saved 20 head of cattle.

The new fire station in Antioch was paid for at the regular meeting of the village board. Contractor Ed Kidera got \$2,240 for the work and notified the board that he would replace or repair the cement floor poured by a subcontractor. He said that he would do it at his own expense.

National Food Store was having a canned meat sale with prices of Roast Beef Hash at 39 cents for a 16 ounce can, Vienna Sausage 29 cents for two 4-ounce cans and deviled ham, 3-ounce can, 19 cents.

Vern Heath was chosen president.

Elfinger Qualifies As Outboard Mechanic

Joe Elfinger of Lagoon Service & Marina, 40 S. Route 12, Fox Lake, has been qualified as a factory-trained outboard mechanic, following completion of a training course at the Beaver Dam, Wis., service school of the Klekhaefer Corp.

Elfinger's attendance at the service school was in anticipation of a substantial increase in purchase of outboard motors in this area during the 1959 boating season.

The course included daily instruction periods, supplements by actual bench practice, blackboard sessions, group discussion and examinations. Subjects covered in addition to 1959 model features were recommended disassembly and re-assembly methods on the 15- and 35-horsepower Mercurys which are new in the line for 1959.

Special emphasis in the course is given to the latest techniques developed in servicing customer motors and to information on the revolutionary new safety and engineering features such as the automatic transmission for outboards, single lever control, hydraulic Dyna-shock absorbers, fixed jet carburetion.

New Play for Julie Harris Starts March 9

Monday, March 9, brings Julie Harris to the Erlanger Theatre, Chicago, for four weeks in "The Warm Peninsula," a new comedy-drama by Joe Masteroff. This will be Miss Harris' first appearance in Chicago "in person" since "I Am a Camera," the play that made her a star.

Television fans have seen her on the Hallmark Hall of Fame program in "Johnny Belinda," "The Little Monn of Alban," "The Lark"

and "The Good Fairy." On the motion picture screen she has been seen in repetitions of two of her stage successes, "I Am a Camera" and "The Member of the Wedding" and in "East of Eden."

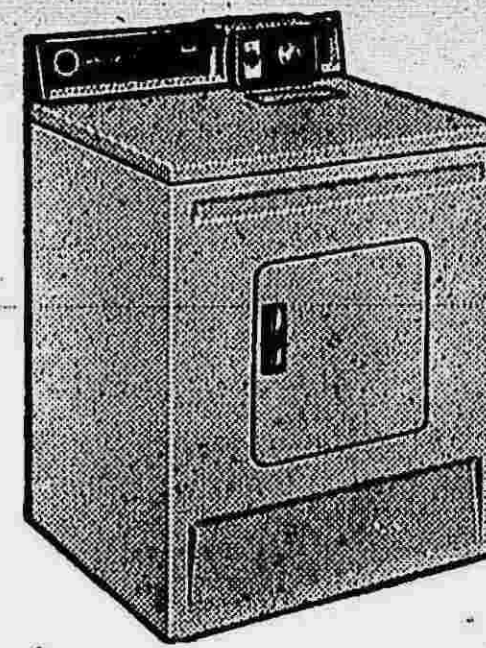

A play of today with its scene laid in Miami Beach, "The Warm Peninsula" tells the story of Ruth Arnold, a shy but valiant girl from Milwaukee who goes looking for the fulfillment of a dream and finds, in the end, that she wants reality. Ruth is proving to be one of Julie Harris' most popular and endearing characterizations.

JOSEPH PATROVSKY, JR., plant manager of The Antioch Packing House, inspects one of the many products of the firm, smoked bacon.

'JoPat' Story Reveals Successful Business Built On Personal Contact

By Jerry Nordmark

There is a sign on the side of a building in Antioch that says, "America's most unusual meat market." The building is the Antioch Packing House on North Main St. It is unusual from the sawdust on the floor to the unique choice of meat products personally selected that appear on the counter—from the modern retail store downtown to the old-time merchandising at the plant. And the story of this Packing House is fascinating whether it is concerned with the present or the past.

HERE IS THE story:

It was way back in the spring of 1924 when Joseph and Helen Patrovsky purchased the Antioch Packing House from Mr. and Mrs. C. J. Roesehlein who had operated it for several years after the originators, Babor and Rauscher, decided to give it up. And things were not so easy in those early years.

Helen Patrovsky says: "I could write a whole book on the hardships of coming to Antioch."

"Our whole yard was hand laid with cobblestones and fill. Believe me, the yard was pretty spongy."

IT WAS A rainy first year for the Patrovsky family, which was not yet complete. "The highway wasn't paved from North Avenue and it rained that whole summer. I don't think I took my overshoes off. We had to move to the Packing House for a couple of months that summer because of a flood," she says.

After that first eventful, wet year everything went quite smoothly until March of 1930 when the old wooden structure burned leaving only the front part of the packing house standing. It was rebuilt and in 1933 additions were made, including the smoke house.

Many of the customers that trade at the packing house today are long-time customers who began buying meat from the Patrovskys in those early days. Bill Knourek is one of those long-time customers. Another is Clarence Crowley; still another, Fred Scott; there are numerous others.

FORMER MAYOR A. J. Cermak of Chicago used to buy meat at the packing house.

In 1939 the whole plant was knocked down and rebuilt into the modern plant it is today. In 1950 Joseph, Jr., took over as plant manager.

Today business is good.

Jo Pat brand products have been shipped to such distant points as Alaska, England, Germany, Holland, and Hawaii as well as throughout the States. "We have an odd assortment of products, too," says Joseph, Jr. "These include smoked maulards, pheasants and geese."

And of course, the Antioch Packing House is known throughout the area between Chicago and Milwaukee for all of its products ranging from fresh meats, smoked hams and bacon to sausage items, with the exception of salami.

THE JO PAT brand itself was thought of by Joseph senior. It consists of a combination of the first two letters of the first name and the first three letters of their surname. Joseph, Jr. says, "The flame was added to distinguish the smoked meat products."

And so as the Patrovskys and those who work with them prepare to celebrate their 35 years of business in Antioch this spring, they, as expressed by Joseph, Jr., believe in this:

"Personal contact in giving services, preparing products that people like and the fact that all our products are home made keep our business up and our customers happy."

The early Incas may have had the first charge accounts. According to the World Book Encyclopedia, the Peruvian Indians recorded debts by tying knots in colored cords at definite intervals.

At Fox Lake Hills News, Info Committee Is Activated

A news and information committee of the Fox Lake Hills Property Owners Assn. has been formed with Don Herdrich as chairman. Helping him will be Athol Bell, Mrs. George Chonis, Mrs. Jean Davis, Mrs. LaVerne Frystak, Mrs. Jane Klenzing and Mrs. Marge Kusnierz as members.

Serving on the membership committee of the association is Mrs. Mary Ellen Herling who was inadvertently omitted from the list of committees released last week. Women's Auxiliary.

Officers of the Women's Auxiliary Mrs. Patrick McLane, Mrs. George Chonis, Mrs. Elbert Weathers, Mrs. Donald Herdrich and Mrs. Kenneth Waugh, met at the home of Mrs. Thomas Dyson, president of the Auxiliary, on Wednesday evening, Feb. 18. They discussed tentative plans for future activities to be announced in the very near future. Here and There

The Mickey Stephens are back from their vacation in sunny climes and are eagerly awaiting the birth of their new grandchild.

Gail Lindholm, 5, daughter of the Charles Lindholms, is home from the hospital after a severe case of pneumonia.

Tommy Dyson, 4½, young son of Mr. and Mrs. Thomas Dyson, entered St. Theresa hospital Monday, Feb. 23 for minor surgery.

Paul Capitelli shared his birthday with George Washington and he and Mrs. Capitelli celebrated their wedding anniversary on the next day.

Kenneth Waugh, a pilot engineer for United Airlines, will never live down the fact that he left for a trip recently and was stranded for 5 days because of icy weather conditions. That was one time that ground

transportation might have been faster.

The Raymond Gurskis on Lakeview Court are selling their home and moving to California. All of their neighbors will be sorry to see them go.

Junior Birthdays

Little Marie Emma wishes all to know that she is no longer 5. She had a birthday on February 1st and is now eligible for first grade.

Timmy McLane was 2 years old on Feb. 19.

Karen Ring and Jeffrey Scott Dyson will be 2 on Feb. 27. They were born 2 hours apart at the same hospital and their parents met there and have been good friends ever since.

At Lake Villa VFW Auxiliary Members Attend Downey Dance

By Mrs. Fred Bartlett
Correspondent
El. 6-5372

Fifteen VFW Auxiliary members attended a dance at Downey last Tuesday. They are: Department Hospital Chairman Kay Kasting, Unit Hospital Chairman Arlene Slazes, Arlene Popp, Dorothy Bennecke, Etta Sciacerio, Francis Barnstable, Dorothy Barnstable, Ramona Sheehan, Shirley Nader, Eva Meister, Florence Peterson, June Kneiff, Lillian Gray, all of Lake Villa, and Helen and Jeannette Keisler of Antioch. Sandwiches and coffee were served by the members.

Mr. and Mrs. Stanley Hollis of Waukegan were Lake Villa visitors Sunday.

Carol Hollis of Waukegan spent the week end at the home of Mr. and Mrs. Fred Bartlett, Jr.

Sally Wilson was a patient at St. Therese hospital a few days last week.

Wayne Jacob, stationed at the Navy Base at Memphis, Tenn., spent the week end with his parents, Mr. and Mrs. Frank Jacob.

Mr. and Mrs. Albert Healey, Jr., and a few friends of East Troy, Wis., were visitors Saturday at the home of Mrs. Tina Gerber.

Mr. and Mrs. Lloyd Duffy of Dixon, Ill., were visitors Sunday at the home of Mr. and Mrs. Fred Bartlett, Sr., Mr. and Mrs. Clarence Blumenschein and Ann Nelson.

Members of the VFW Auxiliary are asking for Pocket Edition Books or forms that you have no further use for, but a patient at Downey would enjoy. Leave them at the home of Mrs. Frank Slazes, Sr., or Mrs. Elmer Kasting on Grand Ave.

Sheridan Burnette of Antioch was a visitor at the home of Mr. and Mrs. Jacob Fish Thursday.

Mrs. Frank Emerson will have the sewing and mending at her home on Feb. 21 to do sewing and mending for the children at Mooseheart. Refreshments will be served by the hostess.

Mrs. Frank Emerson was a guest recently at the home of Mrs. Clara Furlott of Spring Grove, Ill.

Mr. and Mrs. Bernard Schneider attended the wedding reception of Shirley Sue Peters and Lloyd McRow of Grayslake. The reception was held at the American Legion hall in Grayslake.

Department hospital chairman Kay Kasting, Assistant Department hospital Chairman Doris Blumenschein, Dorothy Barnstable, Jeanette and Helen Kiesler will attend a party at Downey Monday.

Mrs. Minnie Bishop is spending a few days in Chicago visiting friends and relatives.

Copies of Proposed Ordinance Change

Copies of the proposed General Amendment to the Zoning Ordinance, and the proposed Motel Park Ordinance are available for inspection in the offices of Garfield Leaf, county clerk, Court House, and the Building and Zoning Offices, 318 Washington St., Waukegan, says S. J. Sorenson, chairman, zoning board of appeals.

HS Students Work Too Hard, Board Lengthens Course

Students at Antioch High School "frankly are working too hard."

That's the words of Mrs. Jeanette Tulumello, social studies department head, who told the high school board last week that students in American Government can not learn what is required of them during the semester-long course.

THE SCHOOL BOARD voted to make the course one year long next year to give students a chance to dig deeper into the workings of state and national government.

Now it is hoped, they won't work so hard but they'll learn more.

Camp Out for Girl S. Troop 31 on Weekend

Girl Scouts of Troop 31 of Antioch will hold a camp-out on Feb. 27-28, and March 1, in the Antioch Scout House.

The girls will take turns cooking the meals. Each of the six patrols will put on a skit Friday night for amusement. On Saturday night, with the help of some of the mothers and the troop leaders, Mrs. James Bruski and Mrs. Clarence Grenninger, the girls will be taken to the Boy-Scout-Arama in Round Lake.

The camp-out will end early for the church-goers.

PONTIAC NAMED CAR OF THE YEAR

"Pontiac with wide-track wheels
is the best combination of ride...
handling...performance and
styling of any '59 car" —The Editors of
Motor Trend Magazine

In making its annual automotive award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. Here are quotations from the April 1959 issue:

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

"It's the best balanced passenger car in America. We firmly believe that in moving the wheels farther apart, to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

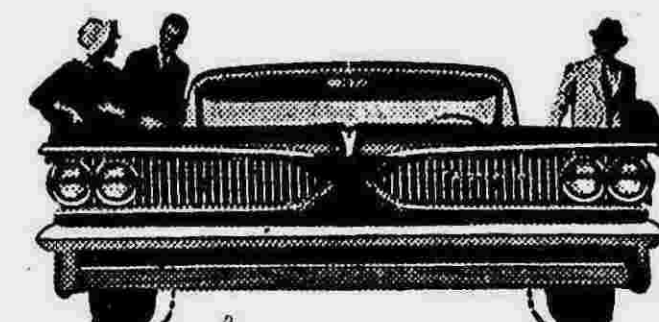

"Pontiac's lines are clean, simple and beautiful. It has a fleet look, a trim appearance. The wide wheel design contributes greatly to its

over-all integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new 420E Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!

THE ONLY CAR WITH WIDE-TRACK WHEELS

Wheels are five inches farther apart. This widens only the stance, not the car. Pontiac takes a better grip on the road, hugs tighter on curves and corners. Sway and lean disappear, ride is smoother, balanced, steadier. Handling is easier. You drive with a new confidence, a comforting security. Pontiac gives you roadability no "narrow gauge" car can offer.

FREE! If you would like a reprint of the complete, illustrated article with all the tests and evaluations on which Motor Trend judged Pontiac "Car of the Year"—see your Pontiac dealer or simply send your name and address on a postcard to Pontiac Motor Division, Department 10, Pontiac, Michigan.

44 to Compete In March 13 Forensic Contest

By Shirley Frederking

This year's local forensics contest will be held March 13, at Central High School.

Approximately 44 students are competing in this contest. There are nine divisions into which these students may enter. The divisions are: humorous declamations, serious declamations, interpretative reading, extemporaneous reading, extemporaneous speaking, original orations, non-original orations, play reading, and four minute speeches. Two "A" winners from each division will proceed to other contests in other schools.

The local contest winners will go on to the League Contest, held at Bigfoot High School in Walworth on March 24. A trophy will be awarded to the high school that wins the League Contest. Each year a new trophy will be given to the winning school.

Checks Big Money Business

To transfer our money, about ten billion bank checks—totaling \$3 trillion dollars—are currently exchanged in the United States each year. In fact, 90 per cent of all U. S. business transactions today are handled by check. And if one year's checks were laid end-to-end, they would extend 40 times around the world.

Interviewing Busy Juniors A Tough Task

By Brenda Gooch

Meet Edna Mae Kasten, an important member of the Junior class. Edna is a 5' 8". She has blue eyes and sandy brown hair.

She was nominated as one of the co-ordinators of the Junior Prom, a big event that is to come soon. When asked what her duties are for this event, she replied, "Someone should be on hand at all meetings and to organize in general as well as in detailed form, the work of the prom." She also mentioned that "it will be a lot of work, but I know the results will be satisfying."

Her subjects include typing 2, home economics, English 3, and U. S. history. In those rare spare moments, Edna likes to sew and embroider. At school, she is seen participating in both FHA and GAA.

Plans for the future for Edna will be "work after graduating" and then "wedding bells will ring."

Because most basketball players lead an active life, an interview with Dave Erickson was not an easy task.

Dave is president of the Junior class and said, "when we wondered what he thought of his position, 'Well... they had to have someone to blame for the Junior Prom mishaps!'"

A full schedule of subjects including English 3, advanced algebra, (Dave said "Would you believe it, it's my favorite subject!") physical education, and U. S. History. He participates actively in both student council and the "C" club.

Dave's leisure time is spent listening to the radio, records and watching TV. Peter Gunn is his favorite TV show, and if ever you pass the Erickson home you'll hear "loud and clear" Dave's favorite song, "Just a Matter of Time" as sung by Brooks Benton.

Cheerleaders To Lose Four Seniors

By Barb Epping

This year, Central High School will be losing four cheerleaders. They are Darlene Schultz, Kathy Gabel, Judy Epping and Pat Mentink. Each has helped a great deal in promoting school spirit during the past four years.

Besides being cheerleaders, they also are active in other clubs and organizations in school. Darlene Schultz has cheered four years and has belonged to GAA, Photography Club, Library Club, Science Club, Student Council, Band and chorus. She has held offices in GAA and in her class. Darlene is captain of the cheerleaders. She has also been prom attendant and Snow Ball Queen.

Judy Epping, who has cheered for three years, has been a member of the following clubs: GAA, Paper Staff, Student Council, Chorus and F.H.A. She holds offices in GAA, Student Council, and in the senior class. Judy was freshman homecoming attendant and has received the 1959 Daughters of American Revolution award. Judy was captain of A Squad cheerleaders last year and received an award for outstanding cheerleader.

Pat Mentink has had three years of Cheerleading. She was very active in the clubs she joined. These clubs are GAA, Chorus, Science Club, Library Club, Annual Staff, Paper Staff, Band, F.H.A. and Forensics. She is vice-president of Science Club. Last year Pat represented our school as Badger Girl, and also was chosen as homecoming attendant.

Each year a silver "C" pin is given as a reward to the most outstanding cheerleader of that year. The reward is given on the basis of being outstanding in service, contribution to school spirit, cheerleading techniques and by going "Above and beyond the call of duty." The girl receiving the award must do more than just what she is obliged to do. She has to do extra work in promoting school spirit, etc. Kathy Gabel received the award this year. She has been an excellent member of the following clubs: GAA, Paper Staff, Library Club, Forensics, Science Club and Photography Club. Last year Kathy was the Prom Queen. She has cheered for our school four years. She has fulfilled the requirements for outstanding cheerleader to the utmost. Kathy deserves this award for she surely is an "outstanding" cheerleader.

Red Devils vs. Demons, Falcons vs. Waterford In Tournament Opener

Next Monday at 7 p. m., the first game of the sub-regional tournament held at Salem Central High School will show the Kenosha Red Devils playing Burlington. At 8:30 Central's Falcons will play Waterford.

On Thursday evening the tourney will continue with the Lake Geneva Badgers playing the winner of Monday's game at 7 p. m. Elkhorn will play the winner of the Central-Waterford match at 8 p. m.

On Friday night at 7, a consolation game will be played by the losers of Thursday night's game. The feature of the evening will be the championship game matching the two winners of Thursday night's game.

PRICES FOR Monday's game are 75 cents for students and \$1.00 for adults. A season pass for Thursday and Friday night may be purchased by students for \$1, and \$1.75 for adults. A single admission for each night is \$1. There are no reserved seats.

The games are the high points of the basketball season and Central showed the attendance at the games last year so large that it had the second largest turnout in the State of Wisconsin.

ELKHORN IS favored in this tournament because of its brilliant record so far this season. Kenosha and Lake Geneva are grave contenders for Elkhorn to consider.

After these games are completed, the winner goes to Beloit for the regional tournaments Saturday, March 7, and they also win the right to enter in the Janesville sectional tournaments March 13-14.

Salem Nearly Upsets Grove, Loses 63-59

Union Grove's high flying Broncos led by junior Louie Holland narrowly eked out a victory last Friday night.

It was a close, hard fought battle all the way. Central led by one or two points most of the game. But, in the last minute of play, Grove struck out ahead on free throws and won 63-59.

Central was led by Ron Yates and Len Krawczyk with 21 and 18 points respectively. Louie Holland had 20 for Grove.

Central's captain, Deaf Davis, did an outstanding defensive job on Grove's high-scoring Larry Reichback, limiting him to six points.

This was the final conference game for both teams and the final standings are as follows:

FINAL STANDINGS		
Team	Won	Lost
Arrowhead	14	0
Union Grove	13	1
Salem Central	8	6
Pewaukee	8	6
Racine Co. Aggies	7	7
Walworth Big Foot	6	8

Vitamin C Deterioration To Rocket Fuel Among Central's Science Projects

Busy as bees are the students entering Central's Science Fair for the day of exhibition on March 11 is drawing closer.

Projects are being exhibited by students in the science and chemistry classes. They range from rocket fuel to vitamin C deterioration to hi-fidelity equipment.

This is Central's second fair, and so far it looks as though it will be as successful as the first. With the help of a large turnout, success can be assured, say sponsors.

18 Choral Students Join 150 Voice Massed Chorus

Eighteen music students participated in a Massed Chorus at Waterford High School on Monday, Feb. 23. Singers from 13 high schools in southern Wisconsin formed a choral group of 150 voices which presented both afternoon and evening concerts. Guest conductor was Dale Gilbert from the University of Wisconsin.

Students representing Central were: Barbara Day, Sally Gagnon, Judy Olson, Charlene Harris, Karen Wisniewski, Rosanne Horne, Dianne Hansen, Patti Taft, Janet Hansen, Jackie Goring, Carole Schultz, Dona Gilman, Carol Kaddatz, Bill Foulke, Dale Kerkman, Larry Martell, Ed

Raether, and Roger Runkel. SALEM CENTRAL also presented a special number which was selected by tryouts from the participating high schools. A girls' triple trio composed of Karen Wisniewski, Sally Gagnon, Barbara Day, Janet Hansen, Carole Schultz, Jackie Goring, Dona Gilman, Dianne Hansen, and Patti Taft sang a spiritual, "I Got Shoes."

Many students from the vocal department are working on solo and ensemble numbers. The local elimination contest will be held at the high school on March 17, at 7:30 p. m. Winners in this contest will go to the Wisconsin District Music Contest at Whitewater, on Saturday, April 18.

Good School Citizen — Or 'Knocker'?

(This material was submitted to the paper. The editors felt it was interesting and timely enough and should be published.)

The school makes available many opportunities for you to learn and practice good citizenship. Experience has shown that a poor school citizen usually is a bad risk in the community.

Let's look at some of the opportunities the school provides for citizenship training. For one thing, you choose your class officers. You may join the club of your choice. You are allowed to choose part of your course of study. You are allowed to have a student government which has a voice in school affairs. You are allowed to sponsor dances and other activities where you learn proper social conduct.

SCHOOL FACILITIES and other properties are entrusted to your care by your community. It has spent huge sums of money in order to give you the best advantages for an education. You are given the responsibility for public property when you become a full-fledged citizen.

These are just a few samples of the opportunities your school provides for citizenship training. Now let's discuss your reactions in the form of questions.

FOR INSTANCE, can each of us answer the following in the most favorable manner? 1. Do I respect the rights of others? 2. Do I laugh at the mistakes of others? 3. Do I think I should have more privileges than the others? 4. Do I poke fun at others less fortunate than I am? 5. Do I deliberately mar or spoil school property? 6. Do I obey school rules? 7. Do I support school projects? 8. Do I give the other fellow a chance to express his opinion? 9. Do I do my own homework? 10. Do I write my tests honestly? 11. Do I praise my school and speak proudly of it or do I knock it every chance I get? 12. Do I defy a teacher at any time? 13. Do I find others' religion makes a difference to me?

Students who are always knocking the school or finding fault usually make very little effort to improve school conditions. The way we answer the above questions determines our rating as a school citizen.

Local Demonstration

By Betty Lou Rau
On Feb. 12, the local FHA Demonstration Contest was held at Central High School. There are two divisions: they are A, which consists of junior and senior girls; B, which consists of freshman and sophomore girls. The contestants in the A division were Sharon Norfleet and Aileen Terry, "Know How Helps"; Rita Busse, "Your Hair"; Judy Schaeffen, "Meringue Torte"; and Betty Lou Rau, "Dunkers Delights". The contestants in the B division were Carol Kaddatz, "Quick Coffee Cake"; Arlene Schmidt, "Applesauce Meatballs"; Joan Gordon, "Clothing Accessories"; Laura Altermatt, "Breakfast Treat"; Marilyn Martell, "Pizzaburger Planks"; Janice Nofrey, "How to Set An Attractive Table"; and Mary Sabin, "The Seam Makes the Garment". The judges were Mrs. W. Bullamore, Mrs. A. DeBruin, and Mrs. V. Horne.

On Tuesday, Feb. 17, the two winners, Judy Schaeffen and Arlene Schmidt, competed in the District FHA Demonstration Contest at Brookfield High School. Arlene received an A rating and Judy a B rating. Arlene is now eligible to go on to the Wisconsin State Fair.

One of the events this month was the FHA-FFA Post-Valentine Dance held on Feb. 21. The candidates for queen were chosen by their baby pictures and were voted on by the student body. The baby picture receiving the most votes was of Judy Schaeffen. Judy reigned as queen of the dance with the FFA king, Ken Muhlenbeck.

Kathleen Lulling volunteered to be "straw boss" or chairman of the tournament. As chairman, it is her job to appoint committees and help find workers.

The class presidents are to ask for volunteers at the class meetings to sell refreshments each night.

Library Club

Each month a new group of student library assistants is chosen for high school library service. Those selected to serve during the months of February and March are:

Before school—Neil Whitehead; Home Room—Don Conrad; First Hour—Geraldine Dufrenoy; Second Hour—Jim Barthel; Third Hour—Library Science Class; Fourth Hour—Nancy Krahn; Fifth Hour—Louise Cook; Sixth Hour—Carol Roberts; Seventh Hour—Don Kramer.

The students are enjoying the addition of a new large brass planter purchased by the Library Club and which contributes considerably to the attractiveness of the reading room of our library.

The popcorn sales managers, Jim Barthel and Bill Foulke, report lively popcorn business at basketball games. They report that popcorn concessions will be set up to accommodate the tournament basketball fans.

The Library Club has again volunteered its assistance during the three-day basketball tournament to be held at Central High School again this year on March 2, 5, and 6.

It will, as in previous years, assume the responsibility of check-room service. The check-room committee members with Don Kramer acting as chairman will put forth every effort to maintain its previous yearly record of quick, courteous, and efficient service.

FFA
Neil Meier, James Thomey, and Charles Krahn attended the state Guernsey meeting at Fort Atkinson on Feb. 14; they participated in the judging contest.

This past month the FFA basketball team has played the Union Grove, East Troy, and Rochester FFA teams.

During our FFA meeting on Feb. 3, we discussed how often to have

a Father-Son banquet. This year we chose to have a lunch program instead of a banquet. The committees are beginning to function at this time for the program on Saturday, April 25.

On Saturday, Feb. 14, Warren Lichthardt attended the State Hampshire sale and bought a gilt.

The FFA-FFA sponsored a Post-Valentine Dance on Saturday, Feb. 21. Ken Muhlenbeck was selected by the FFA to reign as king of the dance.

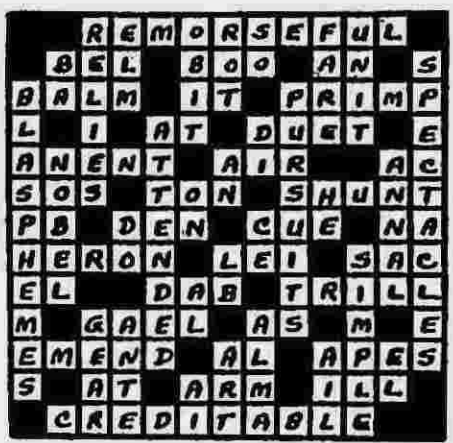

Band News

Those members who attended the massed band at Big Foot High School in Walworth were Dale Kerkman, Ed Raether, Barbara Day, Charlene Harris, Joyce Olson and Betty Magwitz.

The "A" Band will play as a pep band for the game with Burlington on Feb. 28. The band will play for the first tournament game between Central and Waterford on Monday evening, March 2.

Milk-to-Chicago Sellers Get \$3.43 Per Cwt.

Boosted by a 10 cent negotiated superpool premium, the producer price for 3.5 per cent butterfat test milk delivered to Chicago area milk dealers in January will be \$3.43 per cwt. at delivery points within the 55 to 70 mile zone, according to Harry L. Edwards, director of sales for Pure Milk Assn.

This 10 cent per cwt. premium is the result of recent negotiations between Pure Milk Assn. and Chicago area milk dealers.

THE BUTTERFAT differential is 6.9 cents per point. This is a decrease of 3/10 cent per point from last month.

The Federal Order 41 blend price is reported as \$3.33 per cwt. by the Federal Milk Market Administrator. This \$3.33 price for January is down 19 cents from January, 1958. This price drop is the direct result of the reduction in federal government price supports last April 1 and a continued pattern of increased milk production in the Order 41 market.

Total farm production of milk was up 339 plus million pounds in January compared to one year ago, Edwards said. This completely over-shadows increased Class I and II sales of about 8 million extra pounds of milk.

ABOUT HALF of these additional sales were in packaged whole milk sold in this market.

About 1 1/2 million pounds were sold as modified skim milk in the bottle. This product is typically a low butterfat content milk fortified with additional milk solids. This item continues to win a larger share of the market with its appeal to the modern housewife.

The other 2 plus million pounds additional sales increase was in fluid milk for bottling sold to distant markets.

Going into February, farm production of milk in this market is increasing seasonally.

Plan Summer School

A survey will be made to determine if there should be a summer school at Antioch this year with tuition at \$25 per student per subject. The school board heard a report of the curriculum committee last week noting that the regular school money can not be used to stand costs of a school.

The boys and girls say high school pupils' publication reports the reactions of American youngsters. The boys and girls say high school is a 'snap' because:

There are too many elective courses; too much emphasis on extra-curricular activities; classes are geared to abilities of slow learners; students are given passing grades because schools are too crowded to hold them back; neither parents nor teachers demand enough; youngsters with high grades are sometimes considered 'creeps'.

"Most interesting, they suggest the need for longer class session, more math, science and foreign languages and more stringent grading standards and stiffer college entrance requirements."—Beverly, Mass., Evening Times.

"Many persons in our society would like to reserve the protection of the Bill of Rights only for themselves and for those with whom they agree. But the Bill of Rights was adopted to guard us all—the gambler, the hoodlum, the political misfit and the ordinary citizen—from the overwhelming power of the state."—Sierra Madre, Calif., News.
